Capability Statement

Procurement coordination, institutional services & global supply

Vanguard Global Solutions USA LLC coordinates requirements for goods sourcing, wholesale commercial brokerage, institutional cleaning and facilities support. Scope, coverage and regulated activities are evaluated per project before a proposal is prepared.

01 CORE COMPETENCIES

Institutional cleaning & facilities support

Define service areas, task frequencies, access conditions and acceptance criteria for the proposed Statement of Work.

Global goods & wholesale brokerage

Organize product specifications, sourcing options, quantities and supplier documentation for institutional and commercial requirements.

Freight & international trade coordination

Define logistics responsibilities and delivery milestones. Required customs activities are handled by appropriately licensed operators.
